NEWSLETTER

NOVEMBER 2021

Dear Reader,

With 2021 coming to an end, we are happy to share with you some of the recent developments at ICMPD. The Vienna Migration Conference took place 19-20 October in Vienna and online with around 1500 participants. In our latest “[expert voice](#)”, ICMPD researchers summarise the results of two studies on the labour market situation for refugees in Austria and the effects that COVID-19 has had on it.

*Happy reading,
ICMPD Media Team*

ICMPD Expert Voice

Evidence from Austria: A setback for the labour market integration of refugees?
Analysing survey data on recently settled refugees in Austria, two new studies by ICMPD and the Vienna Institute for International Economic Studies (wiiw) show that young people, women, and people with higher levels of qualification were strongly affected by the COVID crisis in the labour market.
